

Who is Mr Bucket?

Sure, there's been rumours...

Rollin' one

SEX & DRUGS
& ROCK 'n' ROLL
BUCKET
STONED
ON STAGE

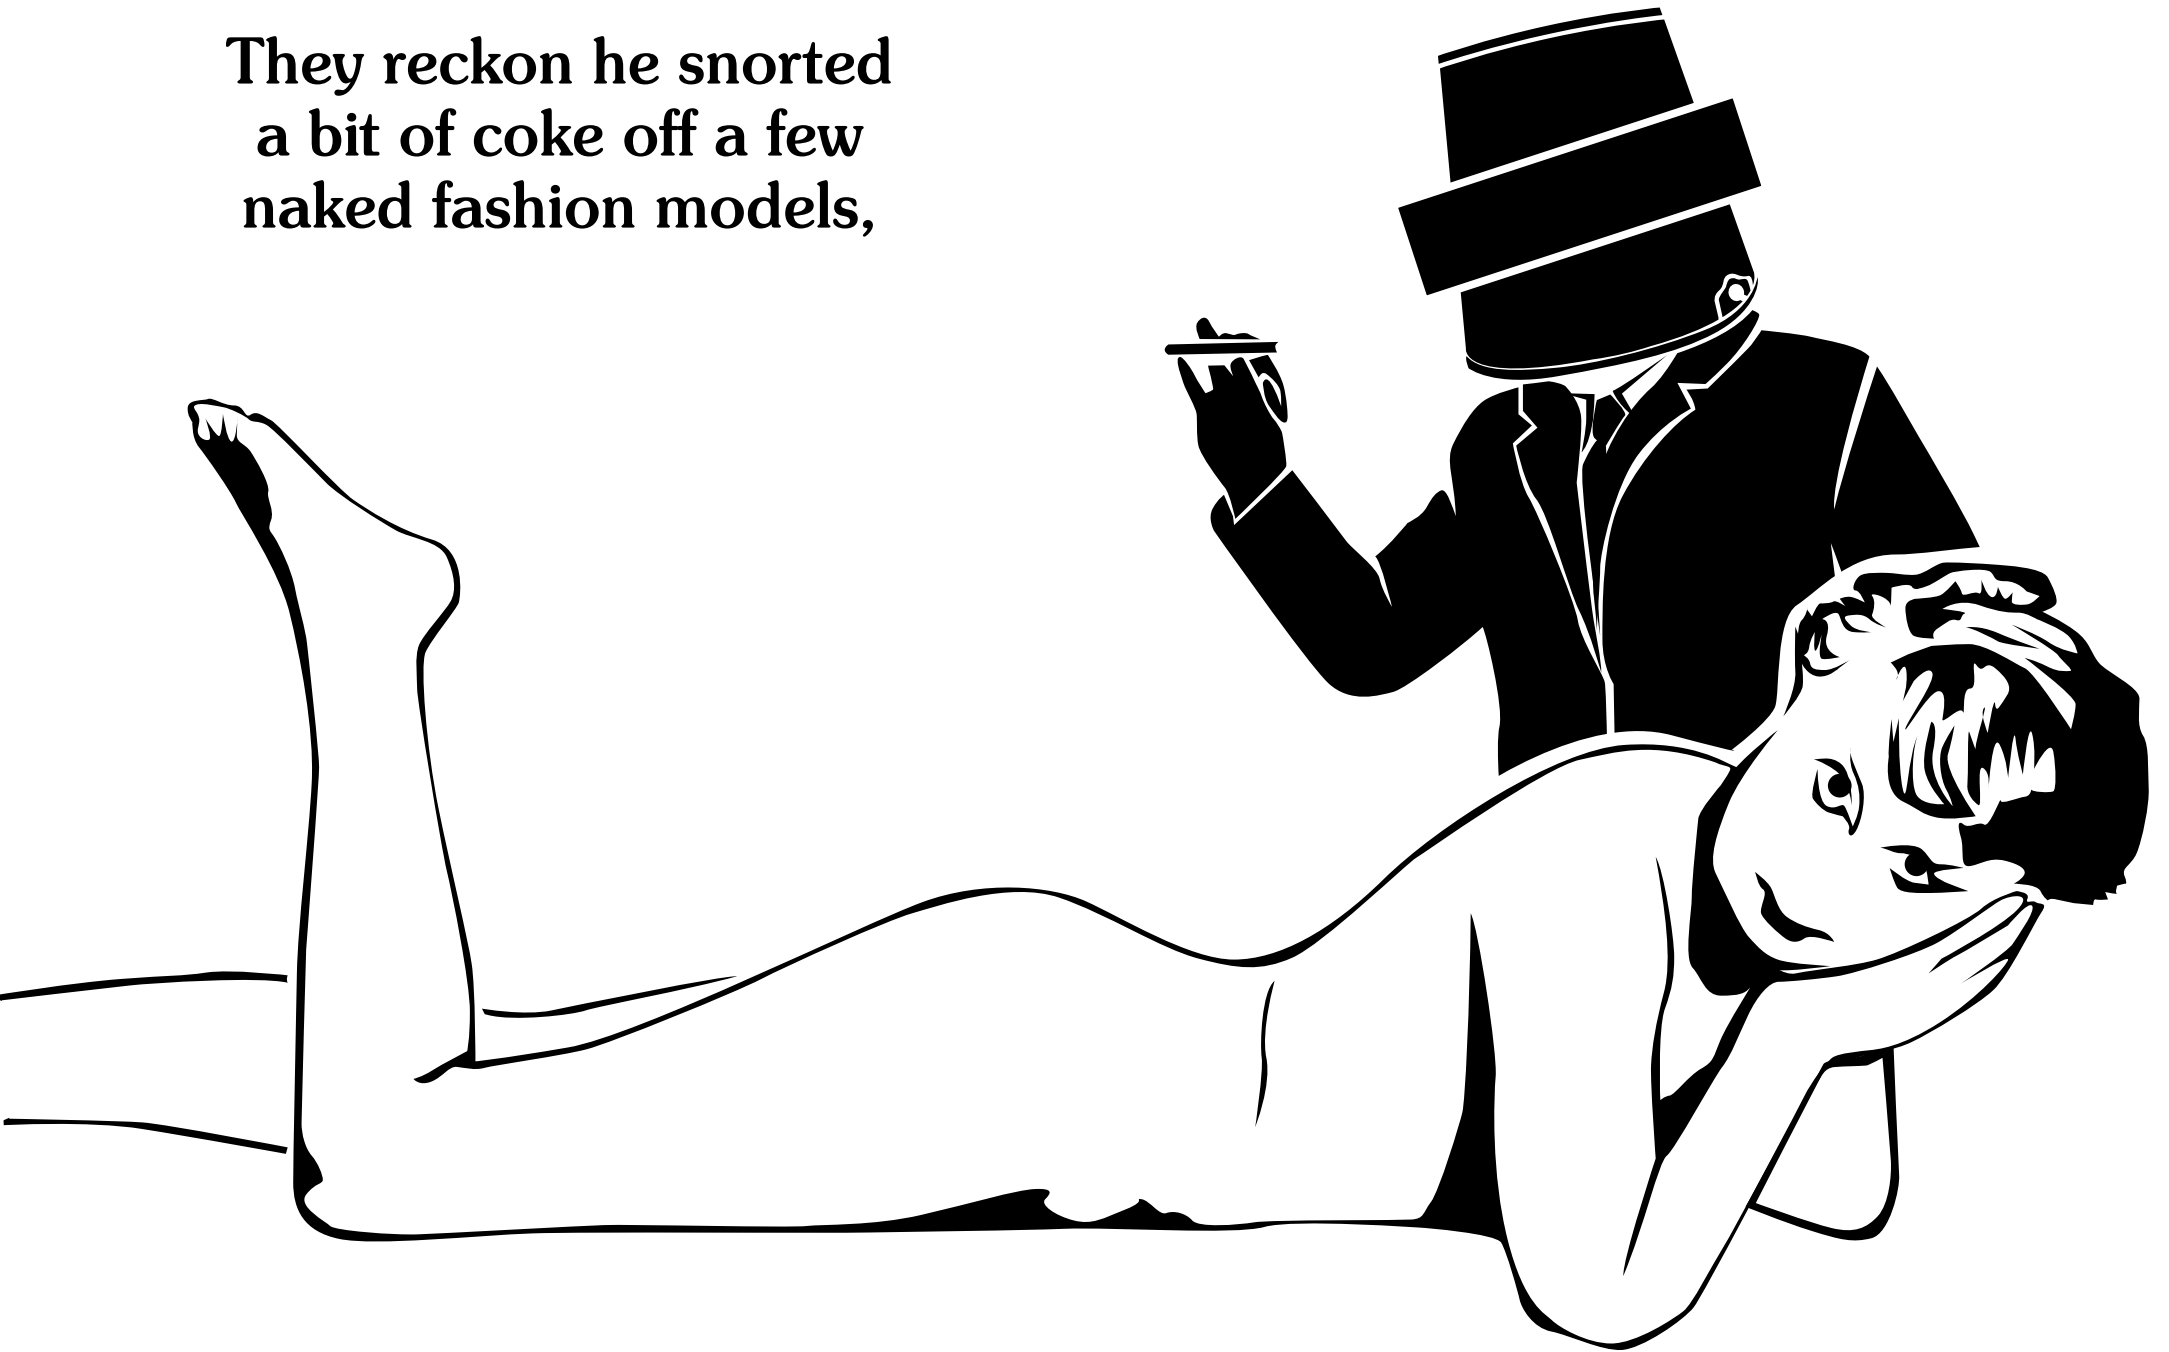

IS THIS THE NEW BOND?

*Wild man of
fashion talks
movie offers*

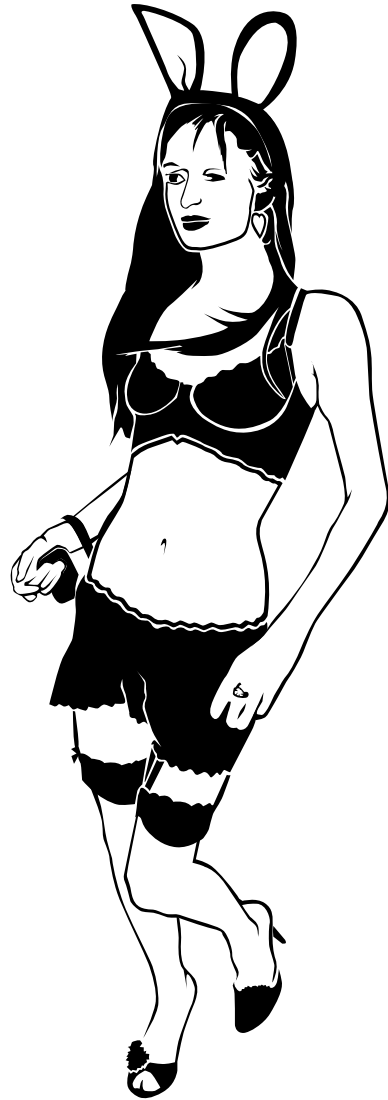

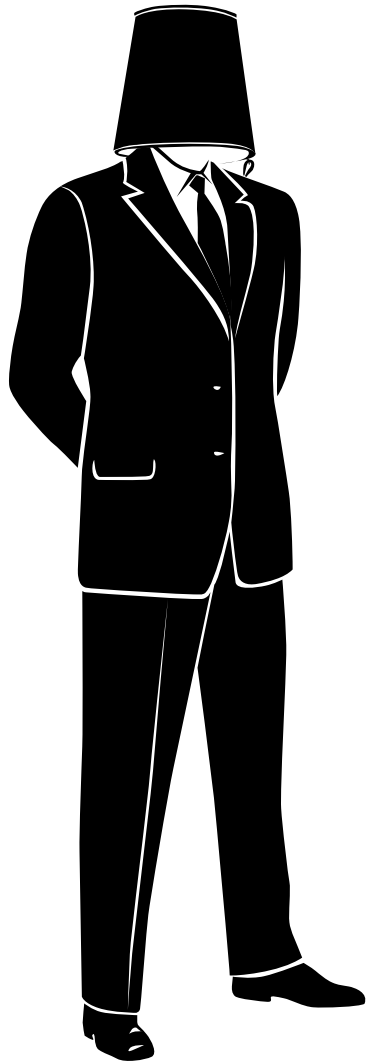

They reckon he snorted
a bit of coke off a few
naked fashion models,

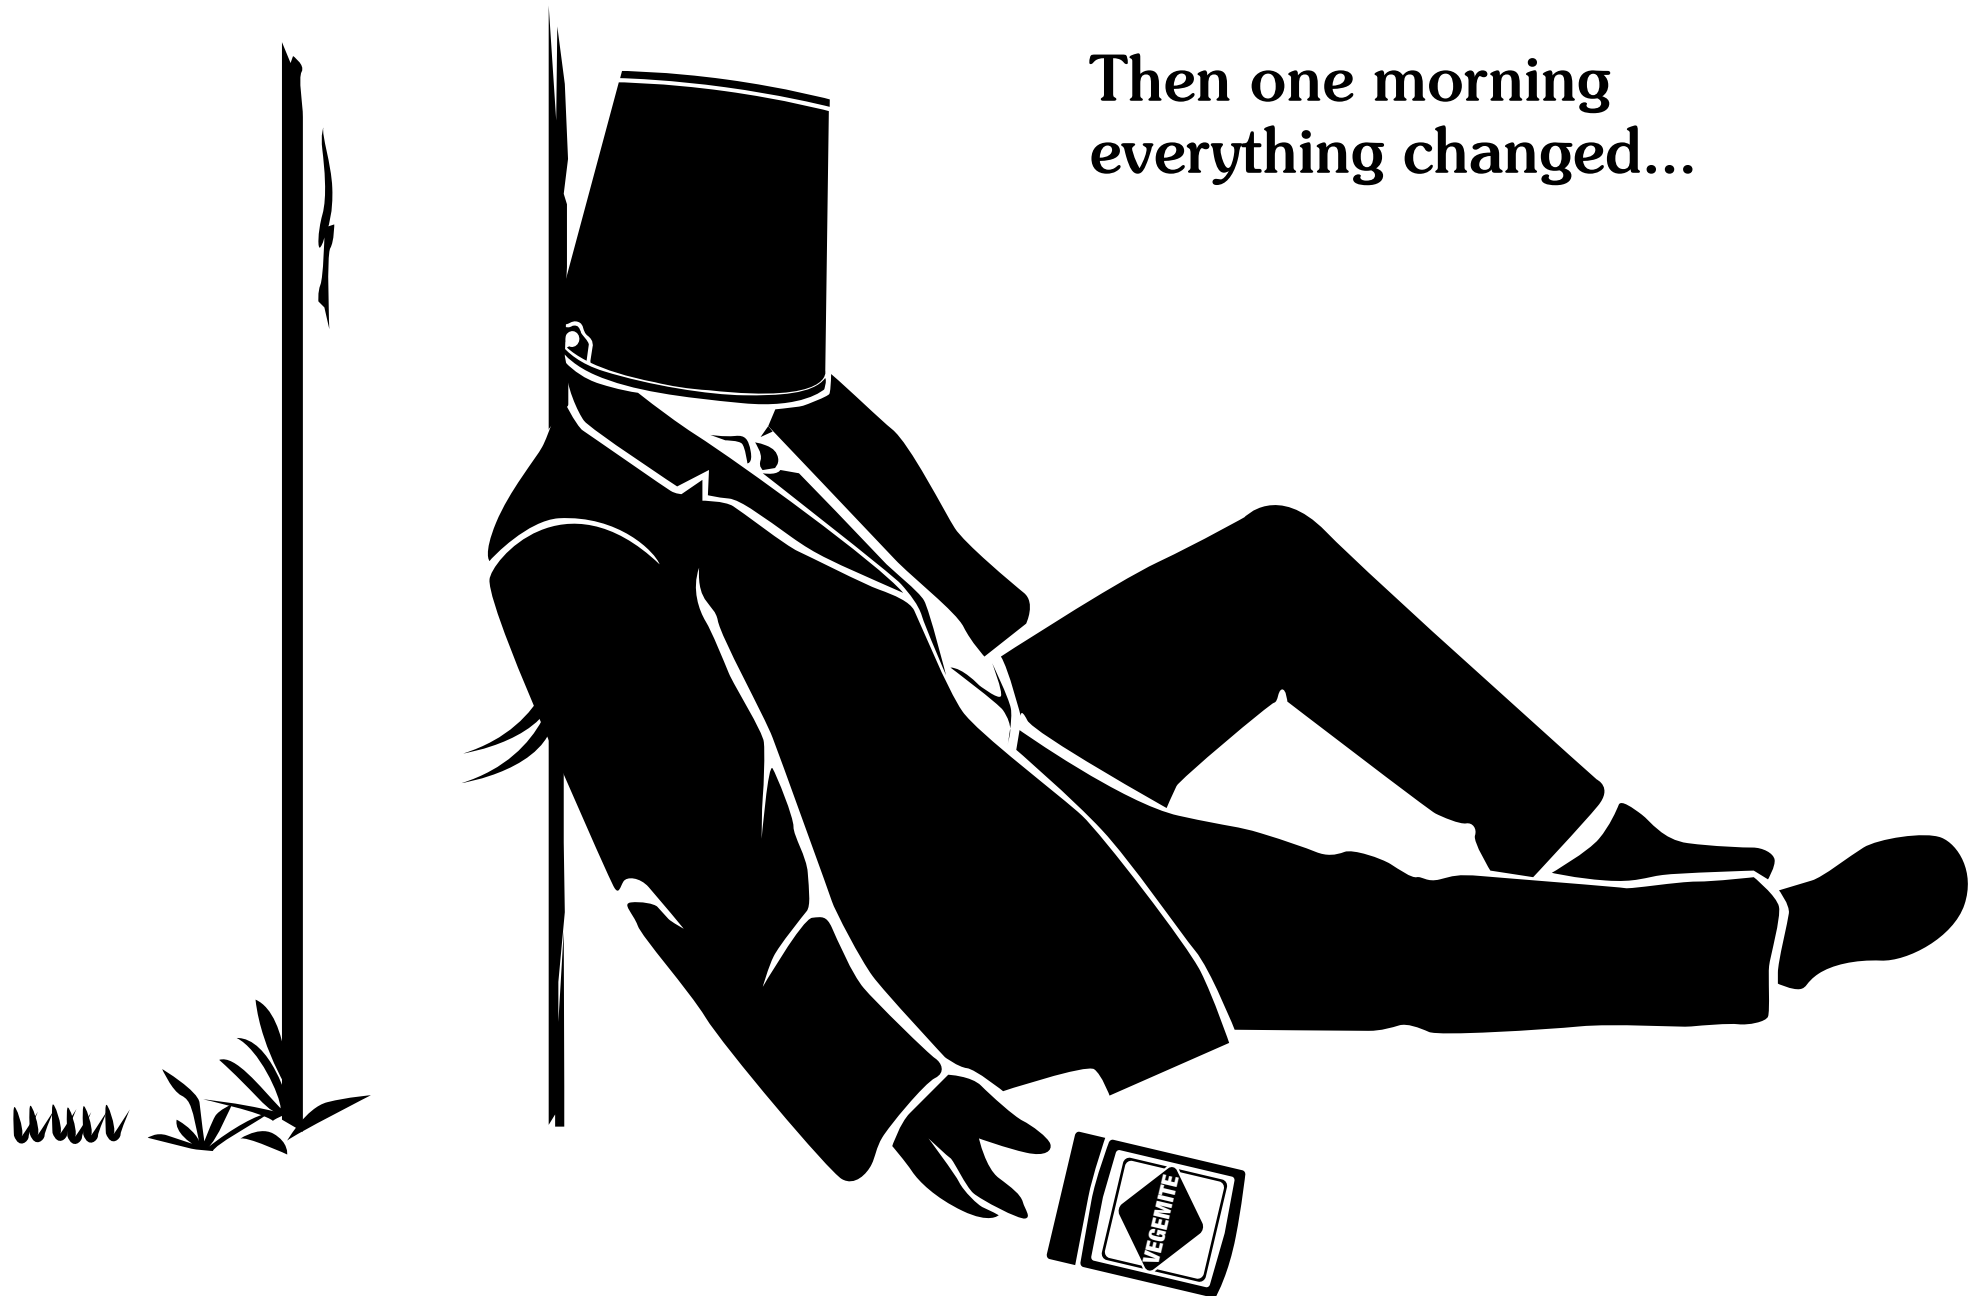

it was the fashion game!

He was seen ignoring Paris,

and hanging out with Scarlett.

Then one morning
everything changed...

Now, Mr Bucket lives
in suburbia,
mows his nature strip.

Cooks his favourite food,
pancakes.

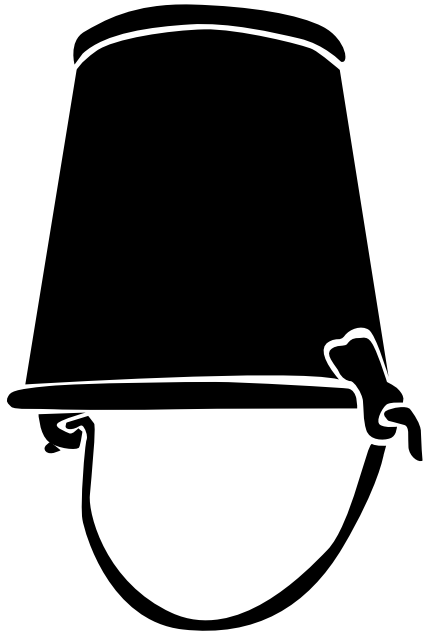

Plays his ukulele.

Then watches old movies.

**And the bucket, well
that's another story.**
